

DURA-STILT WALKING SCAFFOLDS

Adjustable Dura-Stilts come in three sizes: 14"-22", 18"-30", and 24"-40". They feature a full length plastic sleeve which separates the telescoping tubes, prevents galling and freezing and provides a smooth, quick adjustment. An "easy grip" nylon handled screw permits adjustment in seconds without the use of wrenches or other hand tools. It is NOT necessary to adjust the side leg support when raising or lowering the stilt. Fixed height Dura-Stilts are available in 12 sizes ranging from 14" to 35" in integrals of 2". The fixed height Dura-Stilt is the lightest ankle movement stilt on the market today. Each functional component lends itself to the structural integrity of the stilt. The fixed height stilt is the ultimate in an efficient, well-balanced stilt.

NO.	SIZE	Price Per Pair
A-14-22-D	14" to 22"	59.50
A-18-30-D	18" to 30"	64.50
A-24-40-D	24" to 40"	69.50
F-14-D	14"	45.50
F-16-D	16"	45.50
F-18-D	18"	45.50
F-20-D	20"	48.50
F-22-D	22"	48.50

STRAP-ON ADAPTORS

MODEL A-200-D

An inexpensive but very efficient strap-on adaptor set is an optional feature on Dura-Stilts. The straps are of extra heavy webbing with non-slip, self-locking buckles. If you do not wish to use the strap-on adaptor, there are holes provided where shoes can be bolted on.

PRICE PER SET	
A-200-D	6.50

WALK-UP FOLDING TRESTLE

FOLDS FLAT

Top is 9½" x 48" tempered masonite. Each leg adjusts separately every 2" from 18" to 32". Entire trestle folds-up, including step, and locks shut; will easily fit in car trunk. Adjustable folding knee brace prevents rocking. Rubber feet prevent slipping. Constructed of high strength aluminum alloy and safety tested. Steel parts are cadmium plated for long life. Leg adjustments are made quickly by squeezing tabs and releasing at desired height. Unquestionably the finest tool of its kind.

NO.	DIMENSIONS	PRICE
W-1832	Top - 9½" x 48"	67.50
L-3444	Legs only - set of 4 for 34" to 44"	26.50
